The Northshore Auto Mall is proud of its association with Family Services of the North Shore (FSNS). In prior years we have donated more than \$75,000.00 to the Christmas Bureau. In 2006 we increased our commitment to the organization through this \$20,000 donation to "Safer Places" Project.

"Safer Places" is designed to meet identified community needs and provides comprehensive therapeutic support service for child, youth, and populations affected by family violence and sexual abuse on the North Shore.
