

**Julia Staub-French**  
Executive Director, Family Services of the North Shore.

Julia became the Director of Clinical Programs for Family Services of the North Shore in 2007. She took on the Executive leadership role in 2012 and has guided the Agency through a period of unprecedented growth. Every year, Family Services of the North Shore serves more children, youth, individuals, seniors, couples, and families, from birth to the end of life.

To meet the changing needs of North Shore families (which come in every shape and size), Julia and the team have developed innovative programs around youth mental health, gender-based violence, transgender youth and parents, STEM programs for vulnerable youth, and many others. The Agency also recently took the lead on the regional Allies in Aging federal government collective impact initiative for a three-year term and has led the province-wide Jessie's Legacy Eating Disorders Prevention and Awareness Program since 2010.

Julia was a 2018 nominee for the YMCA Women of Distinction Awards. She is also a member of the Campaign Cabinet for the United Way of the Lower Mainland and serves on the Board of Directors for The Federation of Community Social Services of B.C.

A Registered Clinical Counsellor in B.C. and a licensed Marriage and Family Therapist in California, Julia has a Master's degree in psychology. She has worked for several non-profit organizations in the U.S. and Canada in the areas of program management and development, clinical supervision, training and education, and psychotherapy services. Julia shares her life with her partner, Sheryl, their two children, and one very loyal golden retriever.

We recognize the continuing contribution of the City of North Vancouver, District of West Vancouver, District of North Vancouver and the financial assistance of the Province of British Columbia.
