

## Clinical Counselling Graduate Internship

At Family Services of the North Shore, we offer a comprehensive internship program for Master's-level counselling and social work students who need to complete their practicum and professional registration requirements.

The 10-month program gives interns the opportunity to gain knowledge and experience within a community-based counselling agency, while also enabling the agency to continue its tradition of providing in-depth, affordable counselling services to North Shore residents.

Under the guidance of an individual staff supervisor, each intern is fully involved in all aspects of the counselling process and may work with individual adults and/or children and assist in group facilitation. Each year we select five interns to form our team.

Focus areas include:

1. Adult Counselling (individuals, couples, and families)
2. Gender-Based Violence, Trauma and Abuse Counselling
3. Child & Youth Counselling

Here's the overview of what we commit to and what we expect from interns:
