Bubbles & BRUNCH

was created by a group of community-minded women from the North Shore who refuse to let women impacted by abuse and violence struggle alone. This new event raises money so that women can receive long term counselling support without sitting on a waitlist for months. It also ensures that their children receive affordable counselling too.

Our Counselling and Support team provide expert clinical services to children, youth, and adults who reach out to us for help when there is nowhere else to turn. We have dedicated additional resources to ending the cycle of abuse and trauma for women and children. We provide services in 10 languages at low or no cost ensuring everyone has equal access to a future they deserve.

When parents and children get help when the worst is happening, they can heal and go on to live amazing lives.

Proud Sponsor

Acera Insurance, formerly CapriCMW, is proud to support Family Services of the North Shore in making a positive, meaningful difference on the lives of women and children in our community.
