Bubbles & BRUNCH

PRESENTED BY
WHEATON
PRECIOUS METALS

We have raised over
\$520,000 in the
event's 2 years to
uplift the women in
our community!

We're thrilled to invite you to join us once again for Bubbles & Brunch, hosted this year at the stunning Polygon Gallery in the heart of Lonsdale Quay. Experience this fantastic event at a prime location, enjoy sparkling drinks and company while you take in stunning views of the Downtown and the Burrard Inlet from the private deck, and enjoy an exclusive viewing of the gallery's main exhibition.

At last year's Bubbles & Brunch fundraiser, our community came together to support vulnerable women and children on the North Shore, raising over \$300,000 for our Gender-Based Violence Support Programs, allowing us to assist more women facing various forms of abuse.

Our goal is to ensure more women can access essential mental health services and receive free, long-term, critical care without the burden of long waitlists.

By sponsoring Bubbles & Brunch, you'll not only support vulnerable women but also gain unique exposure and recognition among community-minded professionals who value your commitment.

Join us for this lively brunch, bringing together the vibrant North Shore community to make a difference in the lives of women and their children who need us most. With your exceptional partnership, we can make a profound impact.

With special thanks to our committee of devoted women, who dedicate their time & passion to support vulnerable women in our community:

Thank you

we can provide

Group support for men so they can be held accountable for their behaviours and heal from their own trauma. This support also helps keep children safe in their families.

we can

Support a single mom and her children with weekly counselling sessions. When mothers and children get help when the worst is happening, they can heal and go on to live amazing lives.

we are

here right when women need our help the most.

we can give

immediate crisis support to keep mothers and children safe while they figure out what to do next. We know that a little help at the right time can have a big impact.

we can

Provide a child with counselling sessions so they feel safe enough to talk about what they have seen. Children's experiences matter deeply and getting them help right away can make all the difference.

Thank you
